

*CODES COMPILATION FROM ACTIVITY 2 TO ACTIVITY 5*

**ACTIVITY 2**

**INDEX.HTML**

```
<!DOCTYPE html>
<head>
<title> My Second Activity </title>
</head>
<center>
<h1 style="color:blue">SECOND ACTIVITY </h1>
</th>
</tr><br>
<tr>
<th>
<h2 style="color:Red">FACEBOOK </h2>
    Facebook is the most used social media platform. I choose facebook
    because this is important to me because you can message people through
    online and you can be updated on what happened to the world like you
    can watch news live,movies, series and etc. Also you can read and
    share informations. Facebook is important in many people because this
    is the website that is easy to used and also you can used it free,
    unlike in other app that you need wifi or load.
</tr>
</th><br>
<tr>
<th>
<h3 stlye="color:Red">GOOGLE </h3>
    I choose google because this is the website were you can search
    anything, this can help you to explore some things that you want to
    know. Googe hels you also to become updated to the news and other
    informations.
</th>
</tr><br>
<tr>
<th>
<h4 style="color:Red"> INSTAGRAM </h4>
    I choose instagram because this is one of my favorite website because
```

this is the website that I used to take photos because it is great there is a lot of filters and also you can be updated on your favorite artists because Instagram is the app that they are using to upload their photos.

</th>

</tr><br>

<th>

<tr>

<h5 style="color:Red"> ZOROTO </h5>

Zoroto is one of my favorite websites when it comes to anime, this site where I can watch my favorite anime movies and series. I love watching anime because it makes me happy and also it was my hobbies when I don't have anything to do.

</tr>

</th><br>

<tr>

<th>

<h6 style="color:Red"> YOUTUBE </h6>

Watching in YouTube is my second hobby when I am not doing anything, when I get bored watching anime, I also watched in YouTube like watching mukbang, movies, vlogs and tutorials.

</th>

</tr><br>

</center>

### ACTIVITY 3

```

<!DOCTYPE html>
<html>
<head>
<title>My Third Activity</title>
<link rel="stylesheet" href="style.css" />
</head>

<body>
<center>
<h1>MY FAVORITE APPS</h1>

<div class="social-media">
<a href="https://www.google.com/" target="black">

</a>
<p>
I choose google because this is the website were you can search
anything, this can help you to explore some things that you want to
know. Googe hels you also to become updated to the news and other
informations.

```

</p>

</div>

<div class="social-media">

<a href="https://www.youtube.com/" target="black">

></a>

<p>

Youtube is nice because this is the website that you can search a video that you like to watch and also there is trivia and tutorials to add to your knowledge and you can updated to the upcoming videos internatinally and also you can watch movies and series in youtube too.

</p>

</div>

<div class="social-media">

<a href="https://www.facebook.com/" target="black">

</a>

<p>

Facebook is the most used social media platform. I choose facebook because this is important to me because you can message people through online and you can be updated on what happened to the world like you can watch news live,movies, series and etc. Also you can read and share informations. Facebook is important in many people because this is the website that is easy to used and also you can used it free, unlike in other app that you need wifi or load.

</p>

</div>

<div class="social-media">

<a href="https://www.instagram.com/" target="black">

</a>

<p>

I choose instagram because this is one of my favorite website because this is the website that I used to take photos because it is great there is a lot of filters and also you can be updated on your favorite artists because instagram is the app that they are using to upload their photos.

</p>

</div>

<div class="social-media">

<a href="https://web.telegram.org/k/" target="black"

></a>

<p>

Telegram is important to me also because this is the app that I stored my photos and videos because when you save your pictures in telegram, it's not blurry unlike in messenger when you are sending pictures, it's blurred and sometimes it was crashed, that's why I used telegram by storing my photos.

</p>

</div>
